**P**.C. Sorcar is one of the greatest magicians of the twentieth century. He single-handedly revived a languishing Indian art and brought it to the world stage. This book is a pictorial account of his metamorphosis into the Maharaja of Magic from very humble beginnings.

Written by his son, who was once his apprentice and now carrying on the proud tradition, this is a deeply personal view of the life and times of a towering figure. Photographs culled from various sources throw light on the magician as well as the man behind the scenes. Rare posters, newspaper articles, cartoons, family photos, private papers, facsimiles of honours and awards add to the richness of the work, thereby providing the reader a closer look at Sorcar whom the greats in his fraternity rated as the 'Greatest Ever'.

*This illustrated book is the first comprehensive account of the life and times of PC Sorcar, the father of Modern Indian Magic.*

*The book narrates how Sorcar revived Indian magic and brought it to the world stage, thus restoring its former glory.*

*Written by PC Sorcar (Jr), a renowned magician in his own right, this is a deeply personal account of a father from his son's perspective.*

*Rare posters, newspaper clippings, cartoons, personal papers, photographs, facsimiles of awards and felicitations make the book a collector's item.*

**P.C. Sorcar (Jr)** is the stage name of Prodig Chandra Sorcar. He is the second son of P.C. Sorcar, the Father of Indian Magic. He started assisting his father on stage while still in

his teens. When his father suffered a fatal heart attack while touring Japan in 1971, he suddenly found himself on stage as a magician in his own right. Locking himself up in a trunk that was then thrown into the ocean, making an entire train with its passengers vanish in broad daylight, the disappearing act of the Taj Mahal in front of distinguished guests—these are just a few examples of his incredible powers of conjuring and magic. An author of close to twenty books on magic, Sorcar (Jr) is the creator of around three dozen illusions that are now regularly performed by magicians across the globe.
