THE CHRONICLER

by
JVALANT NALIN SAMPAT

Memories are usually treasured, sometimes in emotions, sometimes in prose and poetry, and sometimes in photographs. But what if someone told you that they could be stored...in a hard drive? That a dead person's memories could be accessed by playing them through a living person's—the Chronicler's—mind?

His designation is the Chronicler; he stores memories. Set in the immediate future, as Pakistan's economy collapses, China invades Pakistan and is knocking on the doors of India. China is determined to change the power equation in the world. Inadvertently, the Chronicler harbours memories that could change the map of the world and the course of history.

Caught in the vortex of a high-stakes game between governments, spy agencies, and powerful organizations across international borders, will the Chronicler be able to save himself and the information?

Packed with suspense, action, and drama, and the added flavour of sci-fi, *The Chronicler* by Jvalant Nalin Sampat is the unputdownable thriller you were waiting for.

*Looking for a fast-paced, suspenseful, action-packed, sci-fi thriller? **The Chronicler** is just the book for you.*

An amazing amalgam of fact and fiction, it perfectly portrays the strategic power play in world politics across international borders.

This book is a race against time. You will finish reading it before you can blink.

FICTION

Jvalant Nalin Sampat is a critically acclaimed author who at various points of his life has lived in New York, California, and Copenhagen, but considers Bombay his home. The author of the bestseller *The Tenth Unknown*, besides writing fiction, Jvalant writes scripts for movies and TV shows. He also serves as a director in his family firm, ICL LLP. Whilst not otherwise occupied, chances are you will find him at his local club, on the tennis court.
